Your Electric Range Adorns Your Kitchen

Your electric range does more than just prepare your food economically, deliciously and reliably—it harmonizes with attractive kitchen decorations. It's so clean, too, that the modern electrical kitchen is every bit as bright and cheery as any room in the house—and very little work is necessary to keep it that way.

Your electric range frees you from kitchen drudgery through its automatic controls and smokeless heat. It is so attractive that you will take pride in showing your modern electrical home to your friends.

EVERY CITY

must have a Directory not only to give the names and addresses of its citizens, but also to give that character of progressiveness that would record the names of its people for historical purposes. Every one has forefathers, these forefathers have made the history of this country, some day you will be the forefather and your descendants can visualize your life's work quicker through the registration in the Directory of your time than in any other way. The BIOGRAPHICAL HISTORY OF THE MASSES IS CONTAINED IN THE CITY DIRECTORY AND NO OTHER PLACE. That stamps its importance to the family. To make your history, watch your directory registration to see that it accurately records your position in life from year to year.

Facts About Directory Advertising

It is the Only Advertising that is not "hit or miss" from the fact that it can always be found when wanted.

It is the Only Advertising medium that has no competition and is used by practically the whole community and is not used for kindling purposes a short time after issued—nor is it read once and thrown away.

It is the Only Advertising which is on the job 365 days in a year and, in many establishments, 24 hours a day.

It is the Only Advertising medium where you can advertise your goods with absolute certainty that the public can find this information when desired.

It is the Only Advertising medium where you would look and expect to find what you want when you want it.

It is the Only Advertising medium that represents every business house in the city, and to omit your sign therefrom is like neglecting to place your sign in front of your place of business.

There is no Advertising to Compare with it— Cost and Service Considered

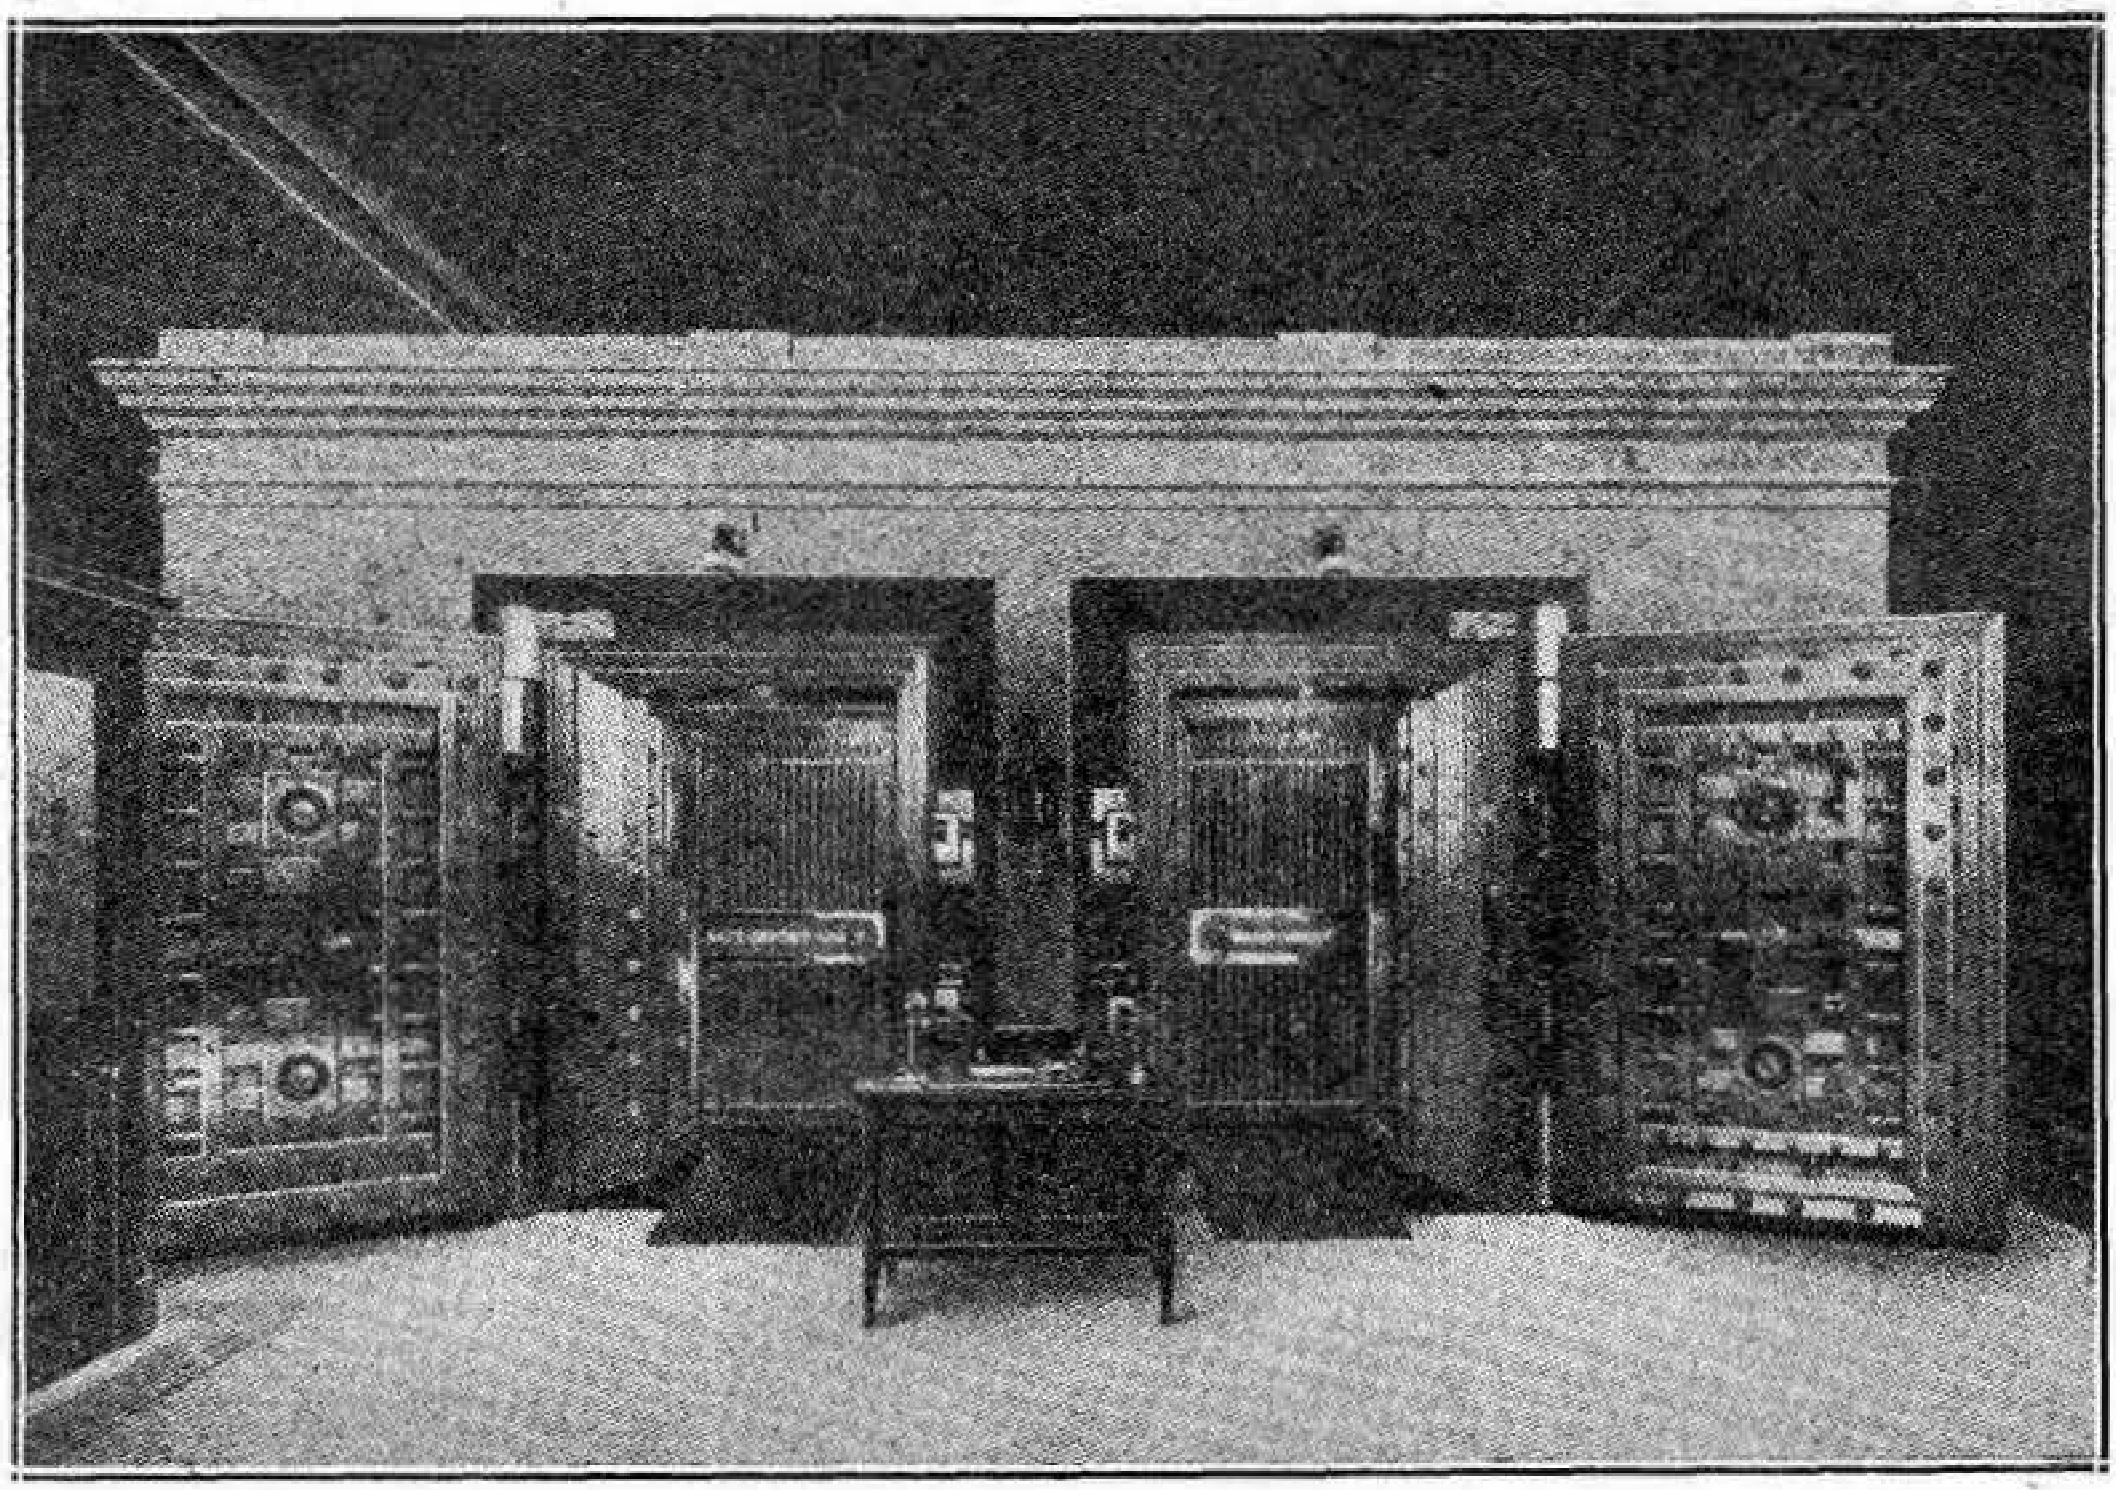
SECURITY FOR SECURITIES



To invest one's money in high-grade bonds is generally considered a worthy precaution against loss. And it is! But to invest in safe securities and then put them in an unsafe place is inconsistent, to say the least.

Safe deposit boxes at the Springfield Safe Deposit and Trust Company will protect your securities and other valuables from loss through fire, theft, or carelessness. Facilities are provided for clipping coupons and examining the contents of boxes in private.

Boxes $3.00 per year and upwards, which give you this safety and convenience.

Capital $1,000,000 **Surplus $1,000,000**
Total Resources over $65,000,000

The Modern Mother Takes the Afternoon off

Leisure time for other things than kitchen cares is the lot of the modern mother. Yet she knows that dinner will be ready on time—piping hot and done to a turn!

Her automatic electric range is cooking her dinner while she enjoys herself, secure in the knowledge that everything will be just as fine as if she had spent the whole afternoon watching it. You, too, can be free for leisure hours while your automatic electric range cooks for you. It's economical, clean and dependable.

EVERY CITY

must have a Directory not only to give the names and addresses of its citizens, but also to give that character of progressiveness that would record the names of its people for historical purposes. Every one has forefathers, these forefathers have made the history of this country, some day you will be the forefather and your descendants can visualize your life's work quicker through the registration in the Directory of your time than in any other way. The BIOGRAPHICAL HISTORY OF THE MASSES IS CONTAINED IN THE CITY DIRECTORY AND NO OTHER PLACE. That stamps its importance to the family. To make your history, watch your directory registration to see that it accurately records your position in life from year to year.

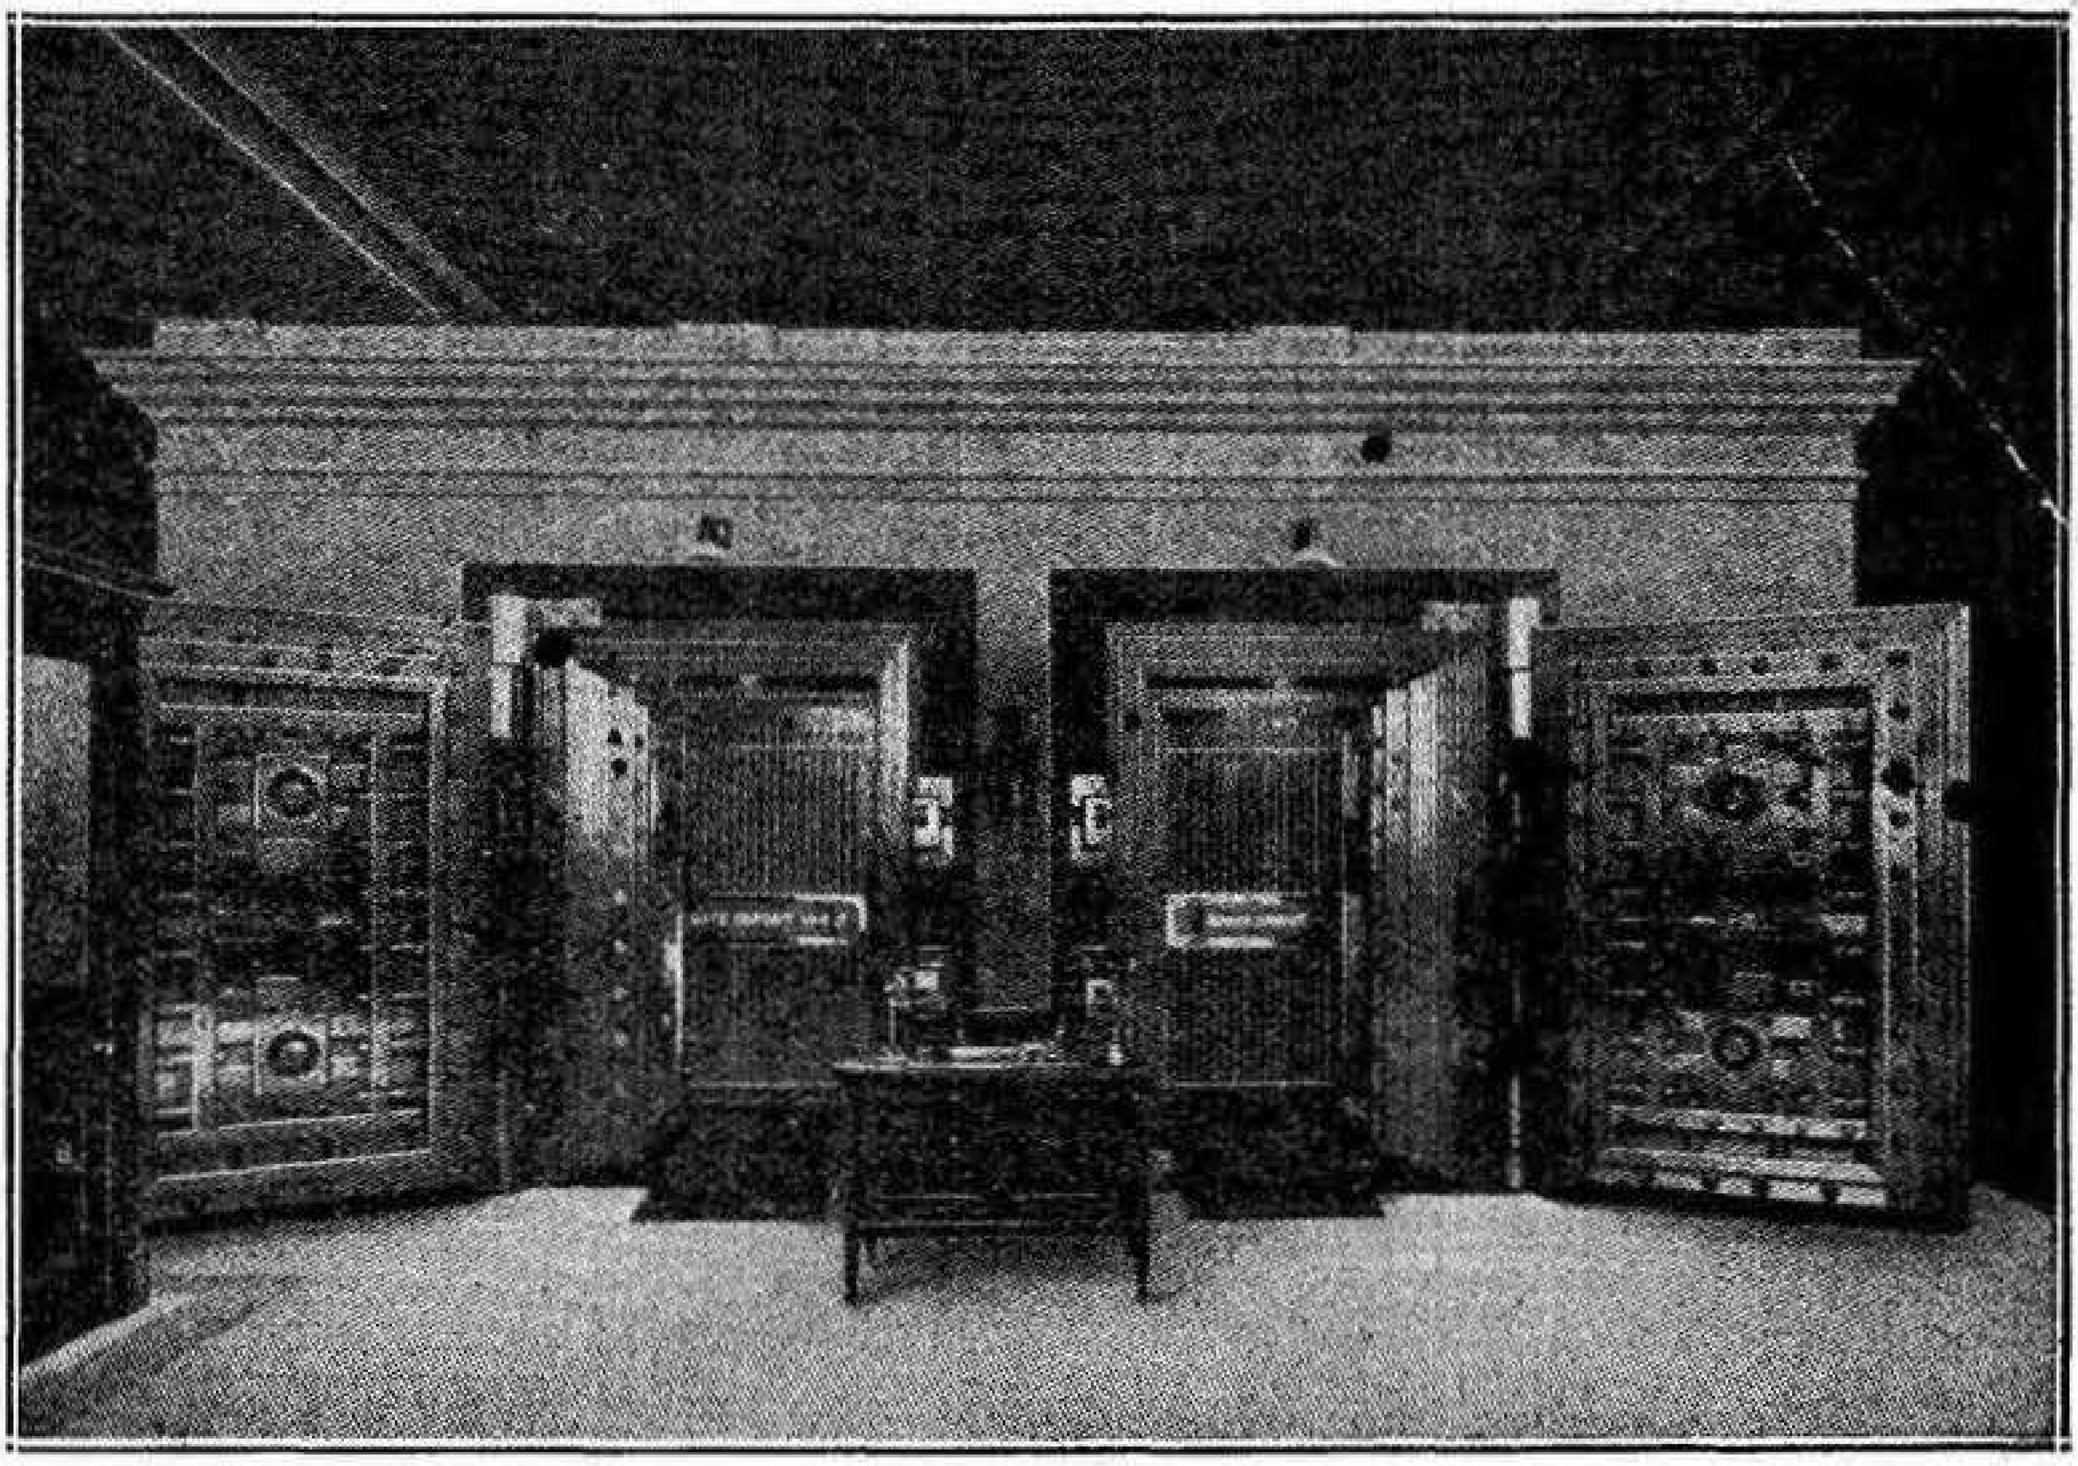
SECURITY FOR SECURITIES



To invest one's money in high-grade bonds is generally considered a worthy precaution against loss. And it is! But to invest in safe securities and then put them in an unsafe place is inconsistent, to say the least.

Safe deposit boxes at the Springfield Safe Deposit and Trust Company will protect your securities and other valuables from loss through fire, theft, or carelessness. Facilities are provided for clipping coupons and examining the contents of boxes in private.

Boxes $3.00 per year and upwards, which give you this safety and convenience.

Capital $1,000,000 **Surplus $1,000,000**
Total Resources over $65,000,000

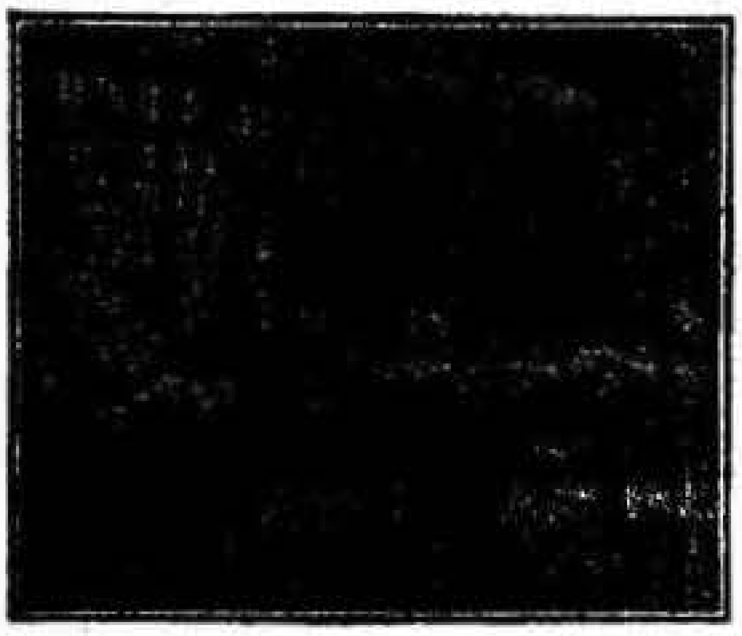
A Free Information Bureau At Your Service



A TYPICAL FREE DIRECTORY LIBRARY

A Metropolitan service has been established by H. A. MANNING CO., Directory Publishers. These are official City Directories and may be consulted free for single reference by the general public. Your local City Directory is also on file in Directory Libraries in other c ities for free public use.

EVERY City must have a Directory to not only give the names and addresses of its citizens, but also to give that character of progressiveness that would record the names of its people for historical purposes. Every one has forefathers, these forefathers have made the history of this country. Some day you will be the forefather and your descendants can visualize your life's work quicker through the registration in the Directory of your time than in any other way. THE BIOGRAPHICAL HISTORY OF THE MASSES IS CONTAINED IN THE CITY DIRECTORY AND NO OTHER PLACE. That stamps its importance to the family. To make your history, watch your directory registration to see that it accurately records your position in life from year to year.

THE CIRCULATION OF THE CITY DIRECTORY EXTENDS TO EVERY CITIZEN OF THIS CITY. The Information Bureaus of the City are for FREE public use and your merchant, banker, physician, dentist, hotel, restaurant and garage man expects that the masses of the people shall, without hesitation, ask for "a look at the City Directory."
